# EVERYONE A SPRING

Jesus met a lady at a well and she gave him a drink. He helped her to understand that we can be God's people and worship him wherever we are. We don't have to be in any special building or place.

## MAKE A STORY STAGE

You will need:

A Pair of scissors

Glue

2 pages printed out from further down this pack

Why don't you have a go at making a 360 degree stage. It has three different scenes from today's story about the woman at the well. You will need to print out 2 of the pages below - the third one is black and white if you are saving ink. If you can't print at home, do email or call the office and we will send you the pages. You will find the instructions below the printouts.

## Where is Church?

When you are on the beach this week with your children, why don't you dig a 'well' in the sand. As you are digging it, remember the story of Jesus meeting the woman at the well and ask some questions.

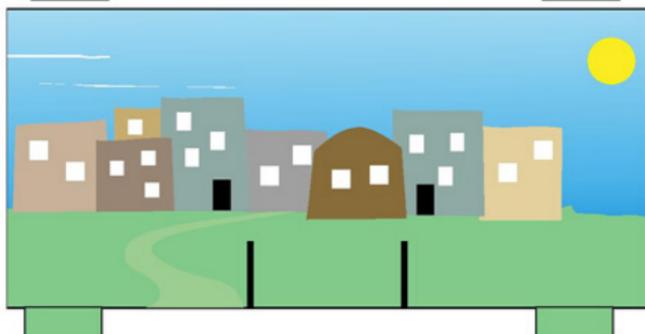

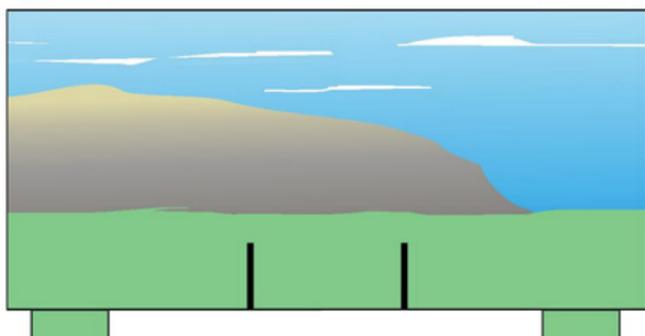

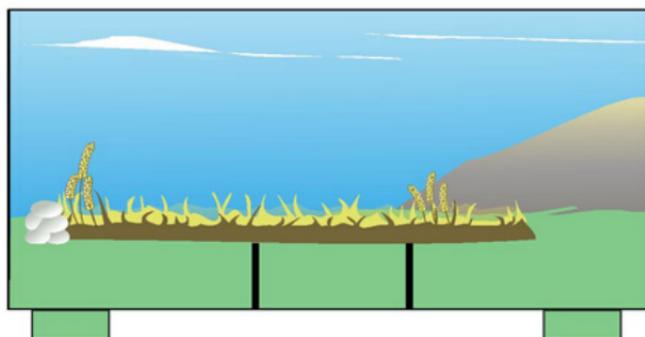

Why do we go to Church?

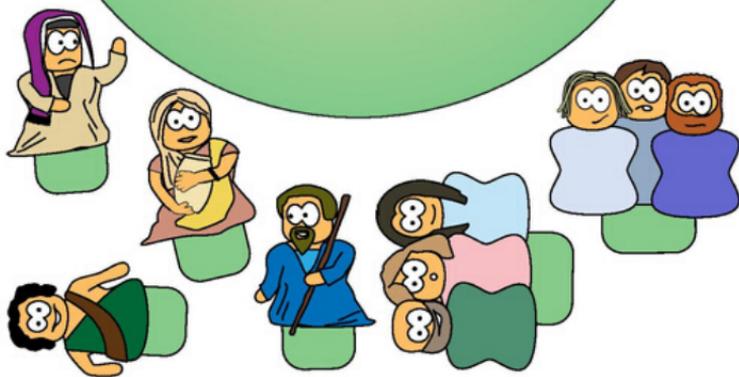

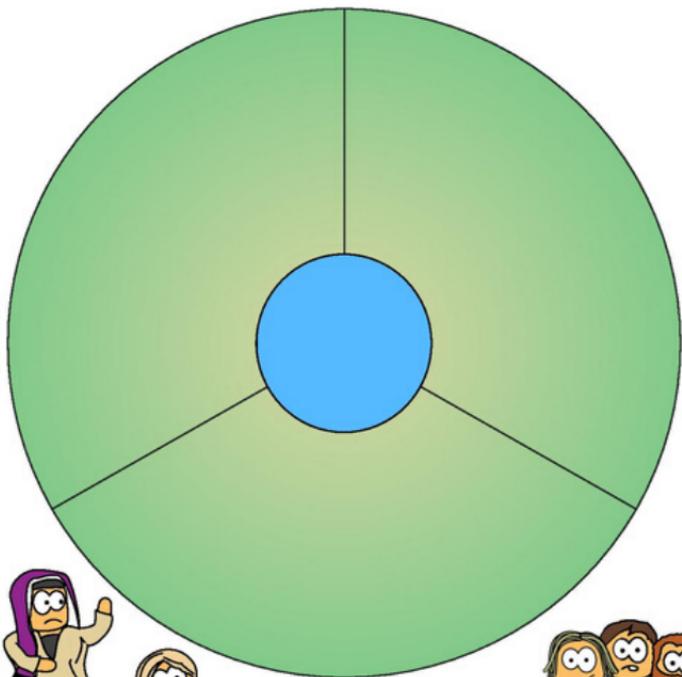

Do you think we can only learn about Jesus in a church building?

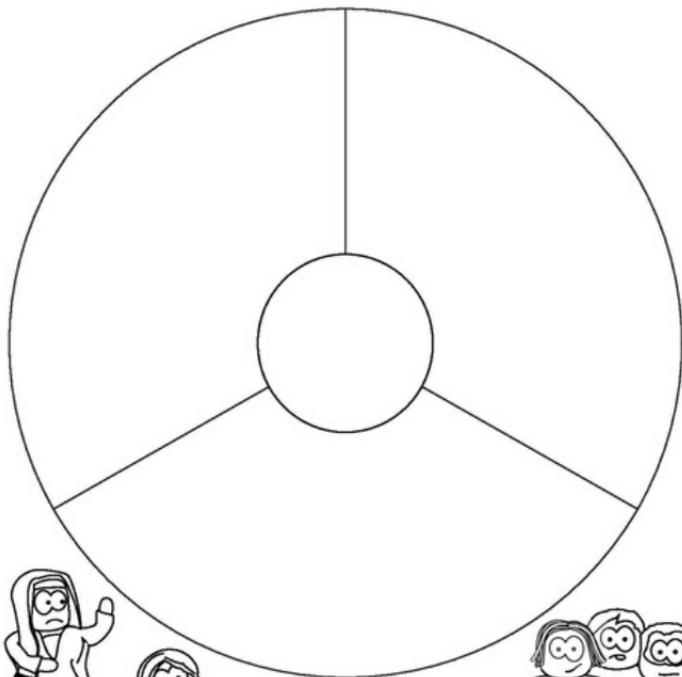

Following Jesus is about having a relationship with him. We can do that wherever we are.

**true worshipers will worship the Father in the Spirit  
and in truth. John 4 : 23**

## **INSTRUCTIONS**

Start by cutting out everything, be careful to completely cut out the black slits for the well. Making these wide will help the well sit in place more smoothly

Attach to the base using the lines as a position guide. The character tabs do not need to be folded flush and are then glued onto the base anywhere in the correct section. The 2 crowd parts go with the houses, the woman is alone at the well, and the three disciples (Simon Peter with black hair, James and John looking more Jewish) are with the wheat field.
