

PSALM 46:4
19TH JULY

Crofton Parish
during Covid19

STREAMS THAT MAKE GLAD

"A river and its streams
bring joy to the city,
which is the sacred home
of God Most High."

MAKE A LEGO CITY

You will need:

Some Lego or Duplo bricks

Blue paper or a tray of water.

Build a big city out of Lego or Duplo with some blue paper or a tray of water running through the middle as the river.

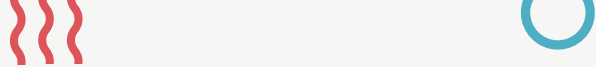

Who can build the biggest city? Post your photos on Instagram and Facebook!

DISCOVER

Look up major cities in an atlas. Which ones are built on rivers? How many are built on a river or near water?

Why do you think rivers are so important for cities?

This week, notice all the places where you see water: taps, puddles, rivers, and the sea.

Try going for a walk by a river this week. As you walk, talk and think about the water cycle. In what ways is water important to us today?

As you are walking and talking, think about the psalm and ask some questions:
How can we as Christians be a 'river that makes glad'? (How can we be people who bring joy?)
What does it mean for us to be a church that is both one river AND many streams?

true worshipers will worship the Father in the Spirit and in truth. John 4 : 23
